

Annual Report

Academic Year 2020-21

The Internal Quality Assurance Cell of the college strived to organize a good number of activities for the students, teachers and also other stakeholders. But the Covid-19 pandemic compelled us to remain restricted in taking some steps ahead in this regard. The semester end examinations were not conducted and the results were declared on the basis of internal exam performance, regularity of the students and also some other metrics. The admission process also got hampered due to the present condition. It delayed the usual way of initiating the admission process.

The most affecting factor was teaching-learning. It was quite difficult this time to conduct classes through usual mode. Students were not allowed to attend the college for learning and also other related activities. Hence in course of time, online mode was being adopted and through this mode teaching –learning was kept in motion. Initially the response of the students was insignificant but slowly they become habitual of the mode and started responding in a positive way. As most of our students hail from rural area; it was but natural to have the issues like poor network with them. But in course time a hike in their response was found. The college chose Microsoft Team software to serve the purpose.

Considering the barriers this time, the IQAC decided to organize the activities or programmes Through online mode. Though we had our own limitations in this regard but some important activities were conducted. Here is a brief report of the activities or events held during the academic year. The Cell took an initiative to organize a webinar on Covid and Women's Health on 08/03/2021 on the occasion of International Women's Day.

The honourable speakers from the concerned field were invited on this occasion.

The other activities were as follows:

- 2) Organization of national level webinar on Contemporary Indian Theatre on 13/03/2021,
- 3) Promoted the faculty members to submit their proposals for major and minor research projects.
- 4) Promoted the faculty members to communicate their research papers to Scopus or

Web of Science.

5) Promoted the teachers to develop online study material considering Covid-19 pandemic situation and student-centric activities like Book Club.

6) The academic calendar is being prepared accordingly and it is expected to follow the same throughout.

7)The department of English took a lead to initiate a student-centric activity in form of its Book Club You Tube channel

8) On May 01,2020.A good number of students have been taking an active part in this activity to read, think and review the books.

9)Online lectures on the occasion of Chatrapati Shivaji Birth Anniversary, Sant Gadgebaba Anniversary were organized for the benefit of students and faculties.

10) Some of our students took part in online activities on various platforms during the pandemic state. The activities included debate, elocution and poetry competitions. The Internal Quality Assurance Cell took the efforts to have actual focus in this regard. It has some to be implemented next academic year.
